“Organizations, by their very nature are designed to promote order and routine. They are inhospitable environments for innovation.” (T. Levitt).

Why must we innovate?

“

We tend to overestimate
the effect of a technology
in the short run and
underestimate the effect
in the long run.”

(Amara's law)

Try to be a bit of both!

The Road To Success

Success

what people think
it looks like

Success

what it really
looks like

Fail fast, fail often

The biggest risk is
not taking any risk...

In a world that changing really quickly,
the only strategy
that is guaranteed to fail
is not taking risks.

(Mark Zuckerberg)

**Be proud of it;
Manage it;
Use it;**

And do NOT try to neutralize it.

Focus!

Vision, not statistics!

Think big!

**You are
what you
settle for**

Beware Flinkisme

Doing things right
Vs.
Doing the right things

Beware Bottom-Up Strategizing
